Re: Letter of Reference

Sioux Lookout Hydro employees participated in the **Air Brake Refresher** program from **Susanne Joly Cesiunas of Safety Matters**.

The course was a good refresher course for employees with a Z endorsement. Sue presented the course in a very professional manner. Her knowledge of the air brakes and the MTO brake inspection made it easy to understand the system.

As a course participant I would highly recommend this refresher for companies that have drivers using the Z endorsement.

To Whom It May Concern,

I am writing this letter as a reference for Suzanne Joly Cesiunas of Safety Matters.

Suzanne has provided our current complement of school bus drivers with the recommended School Bus Defensive Driving Refresher Course. We also utilize her services for all of our new hires who require the School Bus Defensive Driving Course to complete their licensing process.

Suzanne has provided excellent comprehensive classroom programs to our drivers since June of 2010 and we look forward to continuing our business affiliation. Her sincerity and determination to provide our drivers with the most up to date course work is admirable.

Apart from her professional merits I would like to comment on her skill of excellent time management and ability to work with our limited time frame.

Sincerely,

Sharon Timson

To whom it may concern;

Suzanne Joly has been employed with Goldcorp on a contractual basis for 3 months in the summer of 2013.

As her immediate supervisor, I have had the pleasure of working with her over this duration to complete a task specific project that involved working both independently as well as part of a team environment. Suzanne was quick to fit in, and find her place with this very dynamic, fast paced organization.

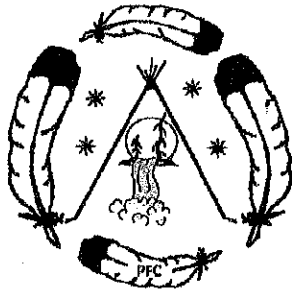

Suzanne has demonstrated a very thorough and conscientious approach to the task; which due to its association to the Ministry of Training Colleges and Universities (MTCU), required consultation with multiple partners. In all respects she has been well received, her efforts appreciated.

Suzanne's thorough understanding and approach to a safety conscientious workplace is commendable.

Re: Letter of Reference

It is my pleasure to provide a professional letter of reference for Suzanne Joly. Suzanne provided a Defensive Driving Course on February 9, 2011 to a group of 10 employees at Pelican Falls First Nations High School and Pelican Falls Centre.

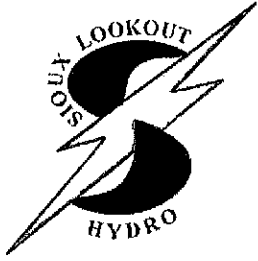

The feedback that I received from the employees who participated was very positive. Suzanne was able to engage and deliver her course with great knowledge, professionalism and experience.

I have no hesitation in recommending Suzanne to provide and deliver this course to any other organizations or groups. I would be pleased to offer further information if required.

Sincerely,

Re: Safety Matters (Ms. Sue Joly)

On behalf of the above noted business, we are very pleased to advise that our Company hired the services of Ms. Sue Joly O/A Safety Matters on numerous occasions for services relating to MTO maintenance records for CVOR audit preparation and to perform individual driver evaluations upon occasions when violations occurred and driver credentials were under review. Due to the changing criteria for insurance regulations we also relied on her evaluations prior to hiring employees as these evaluations were extensive and her opinion realistic and honest. Over the course of the last few years, we hired a number of drivers that she had personally trained. Her professionalism regarding these services was outstanding and were relied upon very seriously in making decisions. Her confidentiality was also an asset regarding the sensitivity of some of these situations. Her knowledge and vast experience in the transportation industry would be an asset to any organization considering contracting her services.

Should you require any additional information, please do not hesitate to contact me.

Sincerely,

Mrs. Olga Benjamin
